

KRAFTY KOW SUPPLIES COMPANY

Hogg Baby Bottle Adapter

Thank you for purchasing the Cup-A-Saurus® Hogg Baby Bottle Adapter by Krafty Kow! This adapter is custom made to fit on a Cup-A-Saurus turner and is not made for other brand turners.

Instructions

1. Insert the adapter into the mouth of the bottle.
2. Use painters or electrical tape around the adapter from just under the thumbscrew and continue onto the thread of the bottle itself. Make sure the adapter is in level so that the bottle will also be level on the turner. The tape will hold the bottle securely to the adapter and will also protect the adapter from epoxy.
3. Attach directly to the Cup-A-Saurus turner.
4. Secure thumb screw to the turner.
