

KRAFTY KOW SUPPLIES COMPANY

RTIC Gallon and ½ Gallon Adapter

Thank you for purchasing the Cup-A-Saurus® RTIC Gallon and ½ Gallon Adapter by Krafty Kow! This adapter is custom made to fit on a Cup-A-Saurus turner and is not made for other brand turners.

Instructions

1. Thread the adapter completely onto the jug.
2. Use painters or electrical tape to go around the edge of the jug and up onto the adapter itself.
3. Attach directly to the Cup-A-Saurus turner.
4. Secure both thumb screws to the turner.
5. The jug is heavy so make sure the adapter is secure and the thumb screws are tight.

If you have any questions, please message us on our website kraftykow.com, our Facebook Page, or email at purchases@kraftykow.com. For video instructions on many of our products, please visit our Facebook or YouTube page (Cup-a-Saurus) and click on videos.
