

# KRAFTY KOW SUPPLIES COMPANY

## Flask Adapter

Thank you for purchasing the Cup-A-Saurus® Flask Adapter by Krafty Kow! This adapter is custom made to fit on a Cup-A-Saurus turner and is not made for other brand turners. This product is designed to be used with a flask or bottle with a small opening. It is a graduated attachment so it can be used for multiple sizes.

### **Instructions**

1. Insert the adapter directly into the mouth of the flask.
2. Use painters or electrical tape to secure it to the flask and attachment. Wrap at least 4-5 times around. The tape will hold the flask securely to the adapter and will also protect the adapter from epoxy.
3. Attach directly to the Cup-A-Saurus turner.
4. Secure thumb screw to the turner.
